Sustainability Projects Manager

F/T 36.5 hrs/wk

Fixed Term initially until 31st March 2015
(Extension funding until June 2016 pending)

Salary: £25,759 – 29,837

Grade 5

AUSA is looking for a highly motivated individual who will be responsible for leading the Sustainable Futures team. The post holder will develop the existing Carbon School and Power Shift programmes and aim to raise our Green Impact standard.

A passion for sustainability initiatives is essential. A proven track record in project management and time management would be a distinct advantage.

Reporting to the Membership Engagement Manager you will play a lead role in developing our sustainability projects including setting up new initiatives, managing the project budget, providing line management support to the staff team and working with and supporting our elected Officers and Environment & Ethics Committee.

For an informal discussion regarding this role please contact Hannah Kenter, Sustainability Projects Manager
(Hannah.kenter@abdn.ac.uk / 01224 274550)

Further information and Application details are available by contacting AUSA (ausa@abdn.ac.uk / 01224 272965) or visiting www.ausa.org.uk/vacancies

Application Deadline: 12:00 Mid-day Monday 21st April 2014

Interviews: Week Commencing Monday 28th April 2014
