# ELECTION & ENDORSEMENT REGULATIONS

## ELECTION RULES & REGULATIONS

Our elections are governed by our [Constitution & Bylaws](#) and our [Election Rules](#). If you are found to be within breach of the election rules your candidacy may be removed from the elections process so it is advised that you read the entirety of the rules before you join the elections process.

For our 2026 elections you can be reimbursed for elections materials for up to £50.00, you must submit your expenses to the SU and we will share this MS Form separately, by the 12<sup>th</sup> of March 2026 and please keep and upload necessary receipts. You are only permitted to spend up-to £50 on your elections materials this includes both posters and flyers printed professionally or by you.

If you wish to campaign with other candidate(s) please inform [elections@abdn.ac.uk](mailto:elections@abdn.ac.uk)

## ENDORSEMENT RULES & REGULATIONS

As part of your campaign you are allowed to gather endorsements from any SU Sports Clubs, Societies, Forums or Student Groups. This process follows a 2-step process.

1. Clubs and societies can make endorsements of individual candidate(s) provided they can evidence that they have allowed all members to contribute to the discussion and vote on the endorsement, a club or society may only endorse one candidate per role.
2. There is no requirement to submit any record (minute of meeting etc) of this to the Students' Union but a minute must be kept by the Club, Society, Forum or Group in question as they may be requested in investigative election cases.

## USE OF GENERATIVE AI

As per the University's GenAI statement, AI can be used for brainstorming, outlining, or grammar checks, but the final candidate statements and materials must be of the student's own independent thinking and expression. If you are found using AI you may face disciplinary as part of the elections process.

# CREATING YOUR CANDIDATE MATERIALS

## YOUR CANDIDATE PICTURE

A candidate picture allows voters to see who they are voting for, we would recommend that you use a picture from your shoulders up and that tells the voters a little about who you are. It is important that your picture is appropriate, it will be shared online and across social media pages, so if you wouldn't want your family or future employer to see it don't use it.

## YOUR CANDIDATE STATEMENT

Your candidate statement is your chance to tell your fellow students why they should vote for you, tell the voters what you are standing on and what you are passionate about. You will submit this through the candidate statement MS form which will ask the following questions:

- Introduction - Please introduce yourself and let students know a little about you. Is there anything in your personal story that you think is relevant or may encourage people to vote for you
- What are your three priorities for the year? (these can be small quick wins or long-term positive changes that you want to work on to see them implemented at the University.)
- What unique skill/knowledge can you bring to the role to stand out from the other candidates?
- What do you think is the biggest issue that students are facing at the moment and how do you plan to tackle it? (It can be something affecting you or your fellow students that you think should be addressed by the Students' Union, the University and/or the government).
- Do you have a slogan? This can be 15 words max and will be displayed under your name on the candidate statement page.

## YOUR CANDIDATE FLYER & POSTER

Flyers & posters are one of the most effective ways to get people to vote for you. It's important that you keep your flyer & posters easy to understand and make sure that they aren't too word heavy. Include the QR Code that leads to the voting page on the flyers, we will send it to you!

## EXAMPLE 1: CHRISTINA SCHMID, STUDENT PRESIDENT 2024 TO 2026, OPENING OF CANDIDATE STATEMENT

### Introduction

Hi, I'm Christina, your current Student President and I want to continue for another year! I studied Politics, Spanish and Latin American Studies. As President, I am still as active as possible in various clubs and societies, from Football to Kickboxing and Spanish and Latin American Society just as I was during my studies. I also love cats and crocheting.

### What are your three priorities for the year?

#### Your Union, Your Say: Amplifying Student Voices

- Implementing the democracy review to increase the impact of the student voice.
- Facilitate student-led campaigns and provide them with training material.
- Improving and promoting SUGgestions further to make small changes quickly and inform our larger projects.
- Continue and improve regular drop-in sessions for students to voice their concerns and propose initiatives.
- Promote inclusivity by ensuring marginalized and underrepresented groups have platforms for their ideas and concerns.
- A Safe Union for All: Increased training on GBV, anti-racism and inclusivity for Students' Union Staff.
- Taking Actions after the University Assembly: Lobby the University to Divest from the Arms Industry and take a firm stance on Conflicts.

## WHY THIS WORKS AS AN OPENING STATEMENT:

- It introduces us to Christina, who she is and what she's interested in. this helps to humanise her candidacy and shows that she isn't just words on a screen
- She shares her academic background and the different clubs and societies she has been a part of during her time at the University of Aberdeen
- She has summarised one of her key priorities if elected in a single sentence and then explained how she plans to achieve this in more detail underneath

### CHRISTINA'S ADVICE TO CANDIDATES:

"Be yourself while campaigning and speak to as many people as possible. It's awkward for everyone at first and other students really appreciate it if you're honest and just have a normal conversation with them. When campaigning it always awkward speaking to students at first but remember that's the only way others will get to know you and feel the passion you have for the role."

## EXAMPLE 2: KARIM HURTIG, VICE-PRESIDENT FOR WELFARE, 2024 TO 2026, CAMPAIGN MATERIALS

**RE-ELECT  
KARIM  
FOR VP WELFARE**

**Karim's priorities**

- Holistic mental health support
- Improving the international student experience
- Better student housing conditions
- Safety, inclusivity and belonging on campus and in Aberdeen

**KARIM4VPWELFARE**

Voting March 10th-13th

**WHAT ELSE WORKS?**

1. Using a mix of bright and bold colours
2. Uses quick & concise language
3. Adds some personality through the smiley face bullet points

**TOP TIP**

While Christina's picture looks like someone took it with a Camera, Karim took a selfie, this is an entirely appropriate way to get a candidate picture.

## EXAMPLE 2: KARIM HURTIG , VICE- PRESIDENT FOR WELFARE 2024 TO 2026, CLOSING OF CANDIDATE STATEMENT

### **What unique skill/knowledge can you bring to the role to stand out from the other candidates?**

The knowledge I bring to this role are the 8 months I have already been your VP for Welfare. Before that, I have taken on various roles in committees during my time at the university, including president, vice-president, and treasurer. Before these roles, I have been a peer mediator and tutor. The unique skillset I bring to this role is my multiculturalism and my people skills, which I use to bridge gaps between individuals and find agreements and common ground. Being multicultural has meant struggling to find my place, but it has helped me develop bonds between people all to work towards a better future for students.

### **What do you think is the biggest issue that students are facing at the moment and how do you plan to tackle it?**

The biggest issue facing students now is the ongoing mental health crisis. Mental health impacts us on many levels, from our relationships to academic performance to our social networks and the clubs and societies we are in. At the same time, the cost-of-living crisis and skyrocketing student accommodation prices are making it more difficult for students to take care of themselves and their mental health. The Student Mental Health Agreement review I am currently working on will address these aspects, taking a holistic approach to improving students' mental health in concrete and achievable ways – which the SU and university will deliver. At the same time, we need to work with our clubs and societies to take care of students in the communities they feel safe in, as these can be the points of first contact and support.

## WHY THIS WORKS AS A CLOSING STATEMENT:

- Karim closes his candidate statement by highlighting what experience he has and can bring to the role
- He uses experiences from both university and his personal life to highlight why he would make a good candidate
- He takes time to relate to and acknowledge issues which many members of the student community are going through
- He also address how he will tackle these issues should be be re-elected

### **KARIM'S ADVICE TO CANDIDATES:**

"If you ever get demotivated during campaigning, remember why you put your name forward and wanted to run for the role in the first place. There's a reason you're running for a position, so don't forget that even when campaigning might be tiring or tough. Also, listen to music that hypes you up to campaign, it really helps!"

# THE CANDIDATE DEBATE

## WHAT IS THE CANDIDATE DEBATE?

As per the election rules, each candidate is invited to take part in a candidate debate.
