## **Motion on Graduation of the class of 2020 (and beyond)**

### **Council notes:**

1. Class of 2020 have been unable to graduate in the traditional and reasonable manner.

### **Council believes:**

1. Graduation is a celebration of years of work, and this opportunity should be offered to all qualifying students.

### **Council resolves:**

1. To mandate the Sabbatical Officers, and AUSA broadly, to continue to push the University to ensure that, when such activities can be safely held, a proper graduation celebration is offered to every student who has graduated during the pandemic.
