ABOUT AUSA

AUSA welcomes you to the University of Aberdeen. As a student of the University of Aberdeen you are automatically enrolled as a member of AUSA (at some universities we would be known as your union).

We work hard to deliver our charitable objectives by representing you, supporting you, running campaigns for and with you. We offer over 200 co-curricular activities for you to explore your interests, share and develop your talents and make your time in Aberdeen a fantastic experience.

A young woman with blonde hair, wearing a blue t-shirt, is shown in profile from the chest up, looking towards the left. The background is a blurred crowd of other students, also in blue t-shirts, suggesting a school event or assembly. The lighting is warm and bright, possibly from a large window or stage lights.

GET INVOLVED BE HEARD

Each year students elect a Student President, Education Officer, Welfare Officer, Communities Officer and Sports Officer on a manifesto that they then spend their time in office delivering. You are able to hold them to account by engaging in the committees and council that makes up our democracy.

WHAT DID YOU STUDY?

MA in Psychology.

WHAT DID YOU ENJOY MOST ABOUT UNIVERSITY?

Joining student groups and societies, absolutely. I made most of my friends through common interests rather than what I studied as I ended up switching my degree halfway through first year from English and History to Psychology. Thus missed those first few weeks of the degree in which most people got to know others. I was also not very out-going during my first year, so this was the way for me to make good friends.

WHAT IS YOUR KEY GOAL FOR THE YEAR IN OFFICE?

If we can make more students feel they've been heard and have been represented, and if we beat the election turnout for the 19/20 Sabbatical Officer election, I would be absolutely thrilled. But more short term, I wish to increase the opening times for certain University buildings to allow for more flexible study and more study spaces, and to ensure there is a Black History Month organised for this October.

YOU CAN INVITE TWO PEOPLE TO A DINNER PARTY (DEAD OR ALIVE). WHO WOULD YOU CHOOSE?

Avril Lavigne and T. Colin Campbell. Ask me why next time you see me.

WHAT SINGLE PIECE OF ADVICE WOULD YOU GIVE TO STUDENTS?

Don't try to reinvent yourself, but definitely go out and try new things to do and new things to learn.

DARIYA KOLEVA

**EDUCATION
OFFICER**

ausaeducation@abdn.ac.uk
/ausaeducation

WHAT DID YOU STUDY?

I studied Politics and International Relations, though I did take a lot of courses in Anthropology as well, and I really enjoyed it.

WHAT DID YOU ENJOY MOST ABOUT YOUR FIRST YEAR AT UNIVERSITY?

I quite liked the freedom to take different courses that weren't related to my degree. Meeting so many new people was also fun.

WHAT IS YOUR KEY GOAL FOR THE YEAR IN OFFICE?

I am hoping to ensure that students are better supported in their studies and academic life. I'd particularly like to focus on developing a network for dissertation support, as well as ensuring that the provisions for students with learning disabilities are improved. Overall, my aim is to make sure that students are meaningfully and comprehensively represented and their voice is always heard in all decisions that concern education matters.

YOU CAN INVITE TWO PEOPLE TO A DINNER PARTY (DEAD OR ALIVE). WHO WOULD YOU CHOOSE?

I think I would really like to invite Jody Williams for sure. She's so inspiring and such an amazing activist, so I'm sure dinner with her would be very interesting. I'd also be keen on inviting Andy Samberg, he seems like he would definitely be a good laugh.

WHAT SINGLE PIECE OF ADVICE WOULD YOU GIVE TO STUDENTS?

Get involved! I'd encourage all students to try and enjoy their university experience as much as possible and to try and remember that while our studies are important, there are so many other aspects of university life that are worth exploring.

WHAT DID YOU STUDY?

BSc Conservation Biology.

WHAT DID YOU ENJOY MOST ABOUT UNIVERSITY?

Sport and getting to meet so many different people through my club.

WHAT IS YOUR KEY GOAL FOR THE YEAR IN OFFICE?

Promoting sport for all.

YOU CAN INVITE TWO PEOPLE TO A DINNER PARTY (DEAD OR ALIVE). WHO WOULD YOU CHOOSE?

Jane Goodall (world renowned primatologist and anthropologist) and Vigdís Finnbogadóttir (4th President of Iceland, the world's first democratically directly elected female president).

WHAT SINGLE PIECE OF ADVICE WOULD YOU GIVE TO STUDENTS?

Always remember that university isn't just about academics. Take some time while you're here to involve yourself with student activities.

ALEXANDER ACHEAMPONG

**WELFARE
OFFICER**

WHAT DID YOU STUDY?

Well, this is my third degree. My first was a Bachelor's Degree in Education, then I did an MBA in Marketing, and finally studying for my MSc International Business and Finance here at Aberdeen University.

WHAT DID YOU ENJOY MOST ABOUT UNIVERSITY?

The freedom.

WHAT IS YOUR KEY GOAL FOR THE YEAR IN OFFICE?

My goal is to make sure student health, wellbeing and welfare issues in general are handled in the best way possible. Again, available students support services should be more publicised for students to access.

YOU CAN INVITE TWO PEOPLE TO A DINNER PARTY (DEAD OR ALIVE). WHO WOULD YOU CHOOSE?

Naomi Osaka (Tennis Player) and William Elphinstone (Founder, University of Aberdeen).

WHAT SINGLE PIECE OF ADVICE WOULD YOU GIVE TO STUDENTS?

To concern yourself with things within your control, explore all the opportunities in university, and learn from volunteering activities.

WHAT DO YOU STUDY?

I'm studying Anthropology (3rd year).

WHAT DID YOU ENJOY MOST ABOUT UNIVERSITY?

I enjoyed getting to meet so many people and getting involved in societies.

WHAT IS YOUR KEY GOAL FOR THE YEAR IN OFFICE?

I want to focus on sustainability. For so many years, sustainability has been largely forgotten or kept in the background. I plan to put it to the forefront of everything I do.

YOU CAN INVITE TWO PEOPLE TO A DINNER PARTY (DEAD OR ALIVE). WHO WOULD YOU CHOOSE?

I would probably invite Vandana Shiva and Greta Thunberg and have amazing chats about environmental activism.

WHAT SINGLE PIECE OF ADVICE WOULD YOU GIVE TO STUDENTS?

Get involved! Join a society, sport club or AUSA committee. You will meet so many people with similar interests you would not otherwise meet in your classes. Your first year is the opportunity to do a lot of different things and learn a new hobby for example.

GREENER LIFE ON CAMPUS

Living away from home can be a lot of fun but also comes with a lot of responsibilities. There are so many things to figure out on

PART OF THE
Keep Scotland Beautiful
CHARITY

your own! We provide free and interactive workshops to help you settle into your new home, support with good housekeeping, money saving tips and the likes of practical advice on managing your bills, energy saving, waste management, and much more. The Green Life Training resource is also accessible online to complete at your own pace. Just head over to www.ausa.org.uk/getinvolved/abergreen/sustainableliving

HILLHEAD HALLS ENERGY CHALLENGE

AberGreen challenges you to unite as a halls block and compete to be the most energy efficient community of the year, for a chance to win a grand prize for your block! Contact the team to find out more about how to get involved!

SECRET GARDEN

Did you know that there's a green secret hideaway at the heart of campus? That's right, just off University Road, next to the Butchart Building student volunteers and staff dedicate their time to growing organic veggies and fruit whilst creating an awesome social space for you to enjoy! Come along every Sunday from 11am to join in on the fun, and keep an eye on free gardening skills workshops and trips away. Book through the AUSA website.

SWAP SHOP

The Swap Shop is an innovative, eco-friendly student-run initiative for exchanging products completely free of charge. Swap Shop is run by volunteers of the Shared Planet Society and is supported by the AberGreen Project. There are two permanent locations on campus, on the ground floor of the Student

Union Building and in the AUSA Building in HillHead. Have a rummage and offer a loving home to an unwanted item or drop off things you no longer need so someone else can make use of them!

TRAVEL

Did you know that transport accounts for over 25% of Scotland's total greenhouse gas emissions and almost half of these emissions are accounted for by domestic transport? You can save money, get fitter, and do your bit for the environment if you're able to switch over to more active modes of transport such as walking or cycling. We offer cycling safety and advice sessions, Dr Bike sessions and bike mechanic training free of charge. You can gain invaluable experience volunteering as active travel champ!

UPCYCLING

Each time we throw stuff away we add to the piles of rubbish that are mounting up in landfill sites. This produces CO2 which contributes massively to climate change. Why not attend one of our fun and creative upcycling workshops or sign up to the free basic sewing skills training we offer? Mending your clothes instead of buying new stuff will help you save pennies too!

VEGBAG

The VegBag cooperative is a student-run initiative to bring you fresh, cheap, organic, locally sourced and in season veggies every week during term time! To sign up contact the Shared Planet Society, or order online at www.ausa.org.uk/getinvolved/abergreen/sustainablefood/vegbag
